

*The Alabama State Parks  
are proud to announce their*

Volunteer  
In  
Parks } PROGRAM

This new program will provide numerous opportunities and activities to those with a little spare time on their hands and the desire to help make Alabama State Parks the best they can be. In the process, we guarantee you will become a V.I.P. in Alabama State Parks.

Upon becoming an Alabama State Park V.I.P., you will be joining an important group of people who are concerned about Alabama's many natural resources and providing excellent facilities to our special guests. Your contributions will help give Alabama State Parks the beauty, serene surroundings, and hospitable nature which make an enduring impression on all of our special visitors.

At Alabama State Parks, we work as a team. Our goal is to provide our guest with the best in accommodations and facilities. Add to that a staff made up of folks who are friendly and know a lot about our parks and we feel we have a combination that will ensure each of our visitors a comfortable and pleasant experience. With your help as a member of this team, we will not only reach our goal... we will surpass it.

Webster defines volunteer as: one who enters into, or offers himself for service of his own free will.

We define volunteers as some of our best friends at Alabama State Parks.

*The V.I.P. Program offers a variety of projects and positions one can become involved in. Among them are:*

# volunteer

O P P O R T U N I T I E S

## CAMPGROUND HOSTS

Our campground hosts usually serve for a period of one month at a time. They are provided a complimentary campsite for their use during the period they serve. They are asked to assist the park staff on a daily basis. Some of the duties they will be asked to perform are picking up trash, helping to keep bathrooms clean, providing information to the campers, and other tasks that are helpful to park staff.

*For more information regarding the Alabama State Parks V.I.P. program, contact the park nearest you. We have an official V.I.P. handbook along with an application we would like for you to have. For additional information regarding this program or other activities going on at an Alabama State Park, please contact us at:*

## CAMPGROUND ACTIVITY DIRECTOR

The Campground Activity Director schedules and conducts entertainment and activities in the campground for the campers. Bands, gospel groups, cloggers, and karaoke are some examples of the type of entertainment we have from time to time. Activities include such things as arts & crafts and bingo. The Activity Director is responsible for contacting and scheduling all events. This is a challenging position but is very rewarding due to the wonderful and talented people you will come in contact with.

## SUPPORT GROUPS

Support Groups organize and work in the park of their choice simply because they love the parks. It is our goal to have a support group for each park that will schedule special projects to perform that make our parks more beautiful and provide instant gratification to the volunteers involved.

*Special projects include things like:*

1. LANDSCAPING
2. TRAIL DEVELOPMENT FOR:
  - a. biking
  - b. hiking
  - c. horseback riding
3. GOLF COURSE MARSHALLS
